

PETROZO ENERGY

Fueling The Future With Quality And Commitment.

Committed to sustainable solutions, we drive growth and innovation, empowering our clients to meet their needs and power their future.

"Explore the potential with us"

OUR STATEMENT

MISSION

Petrozo Energy aims to be the partner of choice in the oil and gas, pavement, and building materials industries by delivering on promises, pioneering opportunities, and adding value. Guided by an entrepreneurial spirit, we prioritize customer needs, foster innovation, uphold sustainability and integrity, empower our team, and focus on results. These core values drive our commitment to excellence and our vision for a sustainable future.

VISION

Our goal is to make a lasting impact in our industry and earn the trust of partners and shareholders through an unwavering commitment to quality in both products and services. We strive to be the supplier of choice for our customers, consistently meeting and exceeding their expectations.

OUR VALUES

Earning Trust

Trust isn't given; it's earned. By consistently delivering on our promises to colleagues, partners, and shareholders, we build successful relationships founded on accountability and mutual respect—key to our long-term success.

Our Drive to Succeed

Our passion is evident in every aspect of our business. Confidence, commitment, determination, and open-mindedness enable us to pioneer better solutions and approaches, whether analyzing data or negotiating.

Putting the Company First

We achieve far more together than as individuals. Our collaborative culture, focus on integrity, and flat hierarchy encourage diverse perspectives and foster teamwork, driving the best outcomes for the business and shared success.

Embracing the Challenge

For us, striving to improve is part of our identity. We enjoy the challenge of finding better ways to reach our goals and take pride in the integrity we bring to our work.

INTRODUCTION

Petrozo Energy is a prominent leader in manufacturing and trading within the oil and gas industry. Built upon the strong foundation of its parent company, KTP Exports, Petrozo is headquartered in Singapore with a network of offices spanning Indonesia, India, Thailand, the UAE, Hong Kong, Myanmar, Bangladesh, the Philippines, the USA, and Vietnam.

Since its establishment in 2020 by a team of seasoned professionals, Petrozo Energy has rapidly developed into a dynamic force with a diverse product portfolio tailored to meet the demands of the construction and paving industries. Our product range encompasses Fuel Oils, Petrochemicals, Performance Grade and Oxidized Bitumen, Cutbacks, Emulsions, Road repair products, Naphtha, Sulfur, Diesel, as well as an extensive array of Bitumen-based Waterproofing Solutions and Construction Chemicals.

At Petrozo, we recognize that global progress and economic growth hinge on innovative, customized commodity solutions. As such, we are dedicated to delivering comprehensive, integrated solutions that empower our clients to build the foundations of economies worldwide.

OUR SERVICES

WATERPROOFING & CONSTRUCTION CHEMICALS

Petrozo Energy manufactures a range of advanced Waterproofing and Construction Chemical solutions designed to meet the demands of modern construction. These products include Waterproofing Membranes, Protection Boards, Rubberized Emulsions, Specialized Coatings and Sealants that protect structures from water infiltration, enhance durability, and improve long-term performance. Our offerings cater to both commercial and residential projects, supporting construction companies and contractors with solutions that ensure structural integrity and resilience under diverse environmental conditions. With quality and innovation at the forefront, our waterproofing and construction chemicals empower builders to achieve excellence in every project.

BULK BITUMEN

We have shipped Bitumen to Middle East, Asia and Africa. Our state of the art plant develops, produces and supplies a broad range of standardized and customized Bitumen Products. Our product portfolio adheres to strict International Standards. These includes as listed below:

- 1) Penetration Grade Bitumen
- 2) Viscosity Grade Bitumen
- 3) Bitumen Emulsions (Anionic and Cationic)
- 4) Cutback Bitumen
- 5) Performance Grade Bitumen & CRMB
- 6) Oxidized Bitumen
- 7) Micro-surfacing Emulsions
- 8) Pavement repair and maintenance products

OUR SERVICES

SHIPPING & LOGISTICS

Petrozo Energy has grown into a shipping and logistics powerhouse, achieving its goal of delivering integrated energy solutions to global customers. With headquarters in Singapore and branch offices in Dubai and India, we are strategically positioned to serve our clients effectively worldwide. By expanding and investing in our own fleet, we maintain full control over our supply chain, offering timely, competitive solutions without charter dependency. Our logistics division, a separate revenue center, is a leader in the Asian shipping industry, specializing in Bitumen, bunkering, and petroleum, providing transportation, cargo handling, and end-to-end logistics solutions to diverse markets.

OIL & GAS TRADING

Headquartered in Singapore with a network of trading offices globally, Petrozo Energy combines global reach with essential local market insight. We specialize in trading refined and value-added products, including diesel, base oil, fuel oil, and lubricants, to world markets. Collaborating with refineries from national oil companies, oil majors, independent refineries, and end users such as airlines, traders, power plants, and shipping companies, we manage the entire supply chain efficiently. Our advanced logistics by ship, barge, pipeline, or truck ensures prompt delivery, while our multinational, highly skilled team drives entrepreneurial, effective, and seamless operations.
